TOLD PITIFUL STORY.

Shelburne Woman Wanted to Go to Her Mother in Richmond.

Burlington, Feb. 4.—A feeble woman giving the name of Mrs. North of Shelburne came to the office of the overseer of the poor yesterday and told a pitiful story of abuse inflicted upon her by her drunken husband. She applied for money to take her to Richmond, where her mother resides. An investigation of her story will be made in an effort to prosecute the guilty husband.

According to the woman's story, her husband drove her from home Sunday evening after having inflicted an ugly wound on her face by throwing a plate at her. Previously the husband tore her coat and shoes into shreds, so that when she was turned out into the cold at seven o'clock in the evening, she was clad in a thin wrapper, over which she placed a man's coat. Her other shoes, having been destroyed, she was obliged to make the long journey from Shelburne to Burlington with only thin shoes on her feet. She arrived here at two o'clock yesterday morning and spent the remainder of the night with a relative. Her young child was left with her husband.

Constantinople Shoemakers.

In Constantinople the shoemakers are all poets. While a customer is having a heel repaired or a shoe relaced the attendant recites extemporized or memorized verses to him. As the language is Arabic or Turkish, the listener rarely knows whether he is hearing a good or bad verse. On the Muski, the Broadway of old Cairo, one can buy the red leather, sharp-toed slippers, universally worn in a land where there is rarely any rain, for about 60 cents. They are not worth more, being very flimsy articles in construction. They are not representative of the expert English or American handmade shoe, which is a thing of beauty, of comfort and of enduring utility.—Argonaut.

ECZEMA NOW CURABLE.

All Itching Skin Diseases Which Are Not Hereditary Instantly Relieved by Oil of Wintergreen.

Can eczema be cured? Some physicians say "Yes." Some say "No."

The real question is, "What is meant by eczema?" If you mean those scaly eruptions, those diseases which make their first appearance, not at birth, but years afterward, and perhaps not until middle age—then there can no longer be any question that these forms of eczema are curable.

Simple vegetable oil of wintergreen, mixed with other vegetable ingredients, will kill the germs that infect the skin. Apply this prescription to the skin, and instantly that awful itch is gone. The very moment the liquid is applied, that agonizing tantalizing itch disappears, and continued applications of this external remedy soon cure the disease.

We carry in stock this oil of wintergreen properly compounded into D. D. D. Prescription. While we are not sure that it will cure all those cases of skin trouble which are inherited, we positively know that this D. D. D. Prescription, whenever rightly used, will cure every last case of genuine eczema or other skin trouble, which did not exist at birth.

We know this. Anyway you, yourself, will know that D. D. D. Prescription instantly takes away the itch the moment it is applied to the skin. Richard E. Wells, "Stop that itch today—Instantly." Just call at our store and try this refreshing and soothing liquid; also ask about D. D. D. Soap.

Mixed on the Overcoat Question

Well, it is certainly difficult to decide what to do when every clothing store in town has "the best at the lowest price" and all "give satisfaction," "money back," save you a third to a half," etc. Now, there is only one way to settle this perplexing question rightly, and that is to investigate. If you'll do this, we are right sure that we will sell you an Overcoat. Every store says Overcoats at \$10.00, 12.00, 15.00, 18.00 to 25.00. Every store, perhaps, has Overcoats at these figures—but what do these prices mean until you see the Coats at the prices? We believe that you can do better here than elsewhere—but investigate.
